Company description

Event Inc is the idea of the entrepreneur and founder Janna Schmidt-Holtz. Only one year after its founding in 2014, it moved from Berlin to its present location at the Fischmarkt in Hamburg. The team has now expanded to 40 employees, offering experience and creativity to its customers. As a leading online marketplace for event venues, the company has more than 5,000 partners in over 37 cities in Germany, Austria and Switzerland. Augmenting this, Event Inc operates a network of location scouts, giving it access to further 4,000 locations around Germany. The company also provides a tailored service to B2B professionals, requiring premium locations for business occasions. In addition, Event Inc has gained valuable experience and competence servicing the MICE industry. Moreover, the company is constantly upgrading and innovating its service range, now offering free-of-charge, individual client consultation. Besides that, Event Inc operates the B2C area, finding appropriate locations for private occasions such as weddings, receptions and birthday parties. Furthermore, www.eventinc.de offers additional access to further event services, for example a selection of different caterers.
